

December 2, 2025

Dear Valued Customer,

We are writing to share that Kitchen Brains will implement a **2.9% price adjustment** on all hardware and software products effective **February 1, 2026**. All orders placed before this date will be honored at current pricing, provided they **ship by April 1, 2026**.

This adjustment is necessary due to continued increases in operating costs across our industry. Recent data from the U.S. Bureau of Labor Statistics shows underlying inflation rising **3% year-over-year**, with manufacturers experiencing sustained pressure from material, labor, and energy costs. These factors directly impact our ability to maintain the quality, reliability, and service you count on.

We understand that price changes can create challenges, and we want to express our sincere appreciation for your understanding. Our team of business development managers and sales operations specialists are available to assist you at your convenience. Please contact us at **800-243-9271** or **sales@kitchenbrains.com** with your end of year and first quarter planning needs.

Delivering the digital transformation of the commercial kitchen is our number one priority. We value and appreciate your partnership, and we are proud to have you as a loyal customer.

Warm regards,

Kitchen Brains
