SCK® FOOD SAFETY MANAGER (FSM)

Paperless Checklist and HACCP Temperature Monitoring Solution

SCK Food Safety Manager is a part of the Kitchen Brains Genius Suite. The Genius Suite is a growing family of cloud-based solutions that help support efficient operations, compliance with HACCP regulations, and delivery of hot, fresh, available food in commercial kitchens. FSM offers two different applications, the Checklist App and the Manager App. With flexible and seamless intergration across platforms, Food Safety Manager can also be upgraded to monitor coolers and freezers with Kitchen Brains smart sensors for real time monitoring.
